Subject: Student Visa Application (Application ###)

Respected Sir/Mam

I request you to review my enclosed student visa application to visit Canada for the purpose of pursuing my higher education at Conestoga College. I have chosen to pursue a Graduate Certificate Program in Global Business Management and the study program duration is May 2021 - December 2021.

My academic choice is very much aligned to my career goals, past education and work experience and I am positive that you will coincide with my rationale. My highest education till now is a Bachelor's degree in Financial Markets from University of Mumbai. Subsequently, I have gathered significant work experience of 5 years working as an Accounts Assistant and Auditor with major Chartered Accountant Firms and Industries. My proficiency in English and French language too, is competent to enable an ease of learning my syllabus in Canada and I have attached my IELTS and TEF scores with this application for your kind review.

The certificate program in Global Business Management will equip me with detailed knowledge about International laws and guidelines pertaining to business taxation and compliances. The knowledge will undoubtedly upgrade my employability factor in India as it will make me eligible to apply as an Accounts Manager with reputable MNCs and Indian Organizations that participate in international trade or have a global client pool.

Post completing my education in Canada, I am determined to carve a professional niche for myself in India working in the department of Accounts & Finance and aspire to acquire managerial positions after a few years of progressive diligence. Further, I have carefully evaluated the expenses involved and they are well within my comfortable means. To prove my financial preparedness to study in Canada I have attached all financial, education and admission documents with this application to substantiate my claim and request you to review the same.

I thank you for your time and earnestly seek a favorable review of my application.

Sincerely
